- Focus on your core business
- Respond to immediate projects and deadlines
- Save money on employing staff directly
- Save costs on training staff for the specific skills required
- Cover temporary sickness or holiday immediately

A COMPANY IS ONLY AS GOOD AS IT'S ENGINEERS!

Premiertek Engineering is an electro-mechanical services company based in Kent. We recognise that companies want an engineering provider that can offer a comprehensive range of services beyond that of many engineering and recruitment companies.

We offer this service to your business and delivery outstanding electrical services. Our services exceed that of a standard recruitment agency, with our response times and quality of engineers being second to none.

All our engineers are vetted to the highest standards. When taking on a project Premiertek Engineering ensures you have the right man for the job! We establish the right team for you. Each engineer we supply will have the qualifications and experience necessary to complete your job.

We understand when you are requesting an expert in electrical installation and you will get just that; an engineer who is skilled and experienced in electrical installation.

Our approach to customer service is different too – we answer our phones 24 hours a day, 7 days a week. It is a service that ensures you are never left stuck for skilled engineers just because it is out of normal office hours. We pride ourselves in this as this service is one that we doubt you will find elsewhere.

We have built a great reputation due to our understanding and knowledge of a wide range of sectors including:

Airports | Rail And Underground Networks | Retail Sectors | Manufacturing and Industrial Plants
